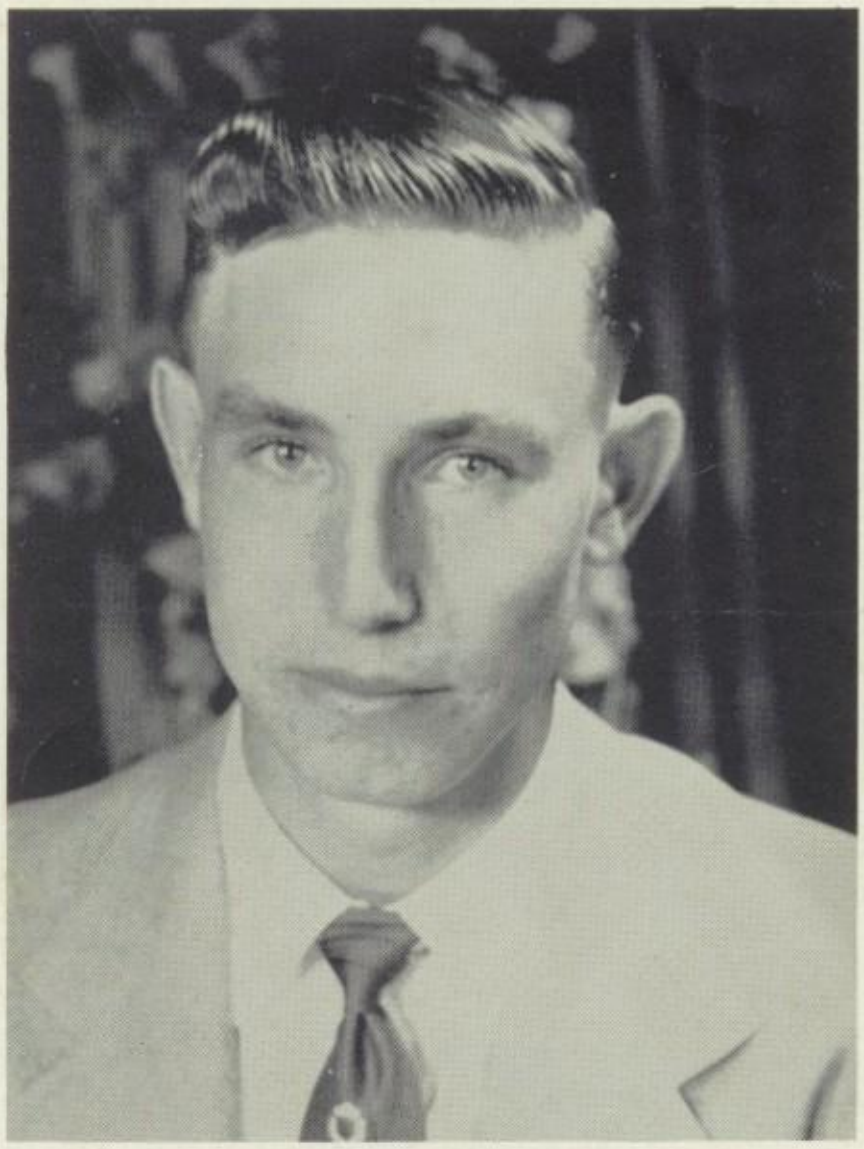
In Memoriam



EDGAR FREDRICKSON
and
MISS MARY E. PUCKETT

"The measure of a life is not its duration, but its donation." Each person contributes to our society in a different way.

We will always remember Miss Puckett as our grade school music teacher who gave many of us a better understanding of music.

Edgar is remembered as the quite, polite boy who was always willing to do his share of the work.

Both Miss Puckett and Edgar contributed in their own way toward making our association with them worthwhile. Let us strive, through the deep sense of our loss, to remember our greater gain, the privilege of having known and loved these two fine people.

This annual is dedicated to our devoted and understanding teacher who has rendered every service possible to make our knowledge of English and its many phases more complete.

After completing her courses, students feel as if she has helped them to realize the many opportunities which life presents. It has always been her desire to give the best of her knowledge to us.

For these and countless other reasons which will be remembered always by the students of E. H. S., we dedicate the 1955 WILDCAT to Mrs. Dorothy Fitzpatrick.
